

This salon is now Certified Sustainable

Up to 95% of all its beauty waste is now being recovered and repurposed by Green Circle Salons.

Resources that were once considered waste materials such as hair, leftover hair color, foils, color tubes and aerosol cans are now being recycled.

This helps keep over 1,000,000 lbs of waste out of landfills each year.

FROM COLOR WASTE TO CLEAN

THE HAIR COLOR JOURNEY

*This salon is Certified Sustainable!
Now up to 95% of the beauty waste
is recovered and repurposed.*

This salon sends its beauty waste, including leftover hair color, to be responsibly recycled

Green Circle Salons takes leftover hair color and turns it into:

WATER

which is clean and ready for use

CLEAN ENERGY

which is injected back into local power grids

To learn more about how beauty waste is recovered, repurposed and recycled, visit greencirclesalons.com

ALL OF THIS CAN BE **RECOVERED & REPURPOSED**

BEAUTY WASTE IS GIVEN A NEW LIFE.

This is a Certified Sustainable Salon, meaning that up to 95% of the beauty waste is recovered and repurposed.
